

The RamperPro goes on tour in the United States and Canada and it can visit you too!

Submitted by andre on Sat, 08/02/2014 - 23:17

[1]

We just boxed a RamperPro with every additional item that you can think of. Camera cables for Nikon and Canon, a battery pack, DragonFrame adapter, a native RamperPro stepper driver controller that fits right into your eMotimo slider motor and more. This box will be shipped throughout the US and Canada to shooters who are serious in testing the RamperPro. You can be one of these shooters if you:

- Are willing to send the complete contents through to the next shooter,
- Test the RamperPro within a 3 week time span.
- Write a review on your blog.

You can [contact](#) [2] us with reasons why you should be one of these RamperPro shooters. The RamperPro goes on tour box contains the following items:

- 1 x RamperPro advanced timelapse controller
- 1 x touch screen Stylus (although you can use the touch screen with your fingers)
- 1 Lightsensor with RJ11 cable
- 1 x Stepper driver with eMotimo connector including two connector cables.
- 2 x PC Sync cables including 2 extension cables
- 2 x Canon N3 remote cables
- 2 x Canon E3 remote cables
- 2 x Nikon DC0 remote cables
- 2 x extension cables for the remote cables
- 1 x Powerbank 30.000mAh battery pack including a mini USB cable
- 1 x RamperPro to DragonFrame adapter kit including a mini USB cable and a 2.5mm TRS (1 meter) cable
- 1 x I/O isolator cable that is needed to directly connect the RamperPro the an MX2, MX3 or

TB3. This is including the required 2.5mm TRS cables (2 cables)

We kindly ask you to ship the complete contents, including all the cables, to a North American address that we will provide you. All items in this box are owned by ElysiaVisuals and cannot be sold or kept after your review.
