

Sale at ElysiaVisuals

Submitted by andre on Mon, 04/18/2016 - 22:20

[1]

We are clearing our warehouse. This is your chance to get your hands on some great equipment at a bargain price. We are selling our DitoGear demo equipment. This includes a 2 meter long OmniSlider, an Evolution controller and Trito controller.

We can also offer you a one meter long Scyo slider that is equipped with a stepper motor. This slider is sold without controller, but you can perfectly control this slider with a [RamperPro motion control edition](#) [2].

Not all items are listed on our [Sales page](#) [3], but here is a list of what we have available for a very interesting price. Please [contact us](#) [4] if you are interested in one of these items:

- 2 meter long DitoGear OmniSlider demo unit (hardly used) with case and large battery
- DitoGear Evolution controller
- DitoGear Trito controller
- 1 meter long stepper motor equipped Scyo slider
- Merlin pan/tilt head
